shift lined up in front of the smelter be erected at the "mid-way" station. shift lined up in front of the smetter ready to go to work. Superintendent Norton came out and asked them to go to work but said that the raise could not be granted them at that time.

The morning shift came off and the af-The morning shift came off and the afternoon shift faced right about and lieves that the people of the county walked down the hill with them. The strikers on the morning shift stood out and the matter will be put to a vote. in the street and when the afternoon shift struck they threw their hats in

of a raise given to the Greek and Italian furnace men a short time ago. The foreigners received \$1.95 per day and petitioned the company for an increase of 25 cents per day. The company granted the increase which brought their wages up to the amount paid the American blast furnace employes. In view of this it is said the other employes asked for an increase of 25 cents per day, making their wages \$2.45 per day instead of \$2.20.

Late Shift Goes to Work.

The 11 o'clock shift went to work last night without any trouble. A full shift was put to work last night and two more of the furnaces will be fired up. It is possible that the strike will close down about three of the furnaces until other men can be secured, and it is likely that 300 or 400 men working in other parts of the smelter will be laid off today.

es were quiet last night appropriation.
